

# CHAPTER 7

## Scientific Evidence for God

### THE SCIENTIFIC EVIDENCE FOR THE EXISTENCE OF GOD, HEAVEN, AND HELL

Whether one believes it or not, we are all eternal beings created in the image of God. Consequently, like God we have a spirit that is eternal that will live on after our physical life ends here on earth. Again, we want to emphasize there are only two eternal destinations from which to choose, either Heaven with God or the Lake of Fire with Satan and his fallen angels (Mathew 25:41-46; Revelation 20:10-15). Now scientific research is revealing the reality of their existence.

We shared above how there is powerful medical research that strongly supports the reality of a heaven to be gained and a hell to be avoided at all costs. One of the most prolific Near-Death Experience (NDE) researchers is Dr. Jeffrey Long who wrote the bestselling book on his research entitled; *Evidence of the Afterlife*. Dr. Long's conclusions after his very extensive research on NDE's are that they are absolutely real supernatural experiences and are not in any way hallucinatory. Consequently, when you visit spiritlessons.com and hear these vivid accounts of heaven or hell experiences including those shared by the late Dr. Maurice Rawlings you are hearing real life experiences not hallucinations (Google Dr. Jeffrey Long and N.D.E. research). Some atheistic researchers in this area try to muddy the waters with invalid arguments that Dr. Long clearly refutes as false. However, as is the case with many atheists they don't want to believe even when the evidence is overwhelmingly before them. Why? ... Because they don't want to have their selfish and sinful lifestyles cramped by the existence of a God, Who has moral absolutes and eternal consequences for their rebelling against them (John 3:18-21). The reality is that if they can get rid of God they can live however and do whatever they want without His rules and without guilt. That is why many atheistic scientists fight tooth and nail to prop up a failed theory that attempts to eliminate God from this equation of life (i.e., macro evolutionary theory).

Before anyone angrily shuts us down and stops reading, please let us share a few scientific realities surrounding *macro* evolution that you may not know. First of all, micro evolution which is great genetic variation and adaptation demonstrated within a species over time is scientifically valid. God as the *Intelligent Designer* of all life also foreknew the changing environmental conditions that earth would experience over time. Therefore, He not only programmed tremendous beauty and variety

within every species, He also genetically programmed each species DNA with the ability to adapt to changing environmental conditions in order to survive (e.g., Darwin's finches on the Galapagos Islands). These micro changes are genetically preprogrammed and become evident over time with changing conditions and are observable and fluctuate back and forth depending on the current environmental conditions. However macro evolution which involves life being spontaneously generated from non-living matter and then one animal kind evolving into another kind of animal is not scientifically observable, nor statistically possible. Even many atheistic scientists who are intellectually honest admit that life cannot come spontaneously from non-living matter; it had to be intelligently designed. *Why?* The late Sir Frederick Hoyle a brilliant astrophysicist and Dr. Chandra Wickramasinghe (Mathematician & Astro biologist / Note: both are atheists) did a statistical analysis of the probability of the basic proteins of life coming together by random chance. Their mathematical analysis of the probability of this happening is  $1 \times 10$  to the 40,000 power. In order to illustrate the magnitude of this number, Dr. Hoyle shared that this is the same probability of a tornado ripping through a junkyard and depositing a fully functional 747 jet airliner at the other end. In other words, it never happened. The same thing can be said for cosmic evolution and the *Big Bang*. This theory teaches that essentially nothing exploded billions of years ago and *magically* over time our highly mathematically ordered universe with all its exacting laws of physics and chemistry made itself. We believe as the Bible historically reveals that in the beginning the all-powerful, all knowing, eternal God was the One who designed and supernaturally brought the universe into existence with all its laws and its mathematically exacting parameters. This Almighty, Timeless, Benevolent Being exists outside of the temporal realm of time, space and matter that He created. He is the Causation needed to logically explain the existence of the miracle of life and our awesome finely tuned Universe. This magnificent and indescribably brilliant Being spent eternity past planning and designing the most awesome project of all time. That is, our unspeakably beautiful universe and His greatest creative gem of all ... planet earth and its teaming life and ecosystem to support His most precious creation of all, mankind. These marvelous wonders who were created in His image, He desired to ultimately become part of His eternal family. Sons and daughters, He could love and cherish and who would choose of their own free will to love, obey and be cared for by Him above all else, forever. Truly this is an incredibly beautiful story of tender love for companionship and family that is reality.

## **DNA AND MOLECULAR MACHINES IN CELLS THE SIGNATURE OF GOD**

The theory of spontaneous generation has now been rejected by most intellectually honest scientists. This is due to the fact that it has been scientifically proven that the only way that the basic proteins of life can be built is by detailed digital instructions from DNA. These instructions are given to incredibly small molecular machines that systematically assemble them and then other machines go to work using these proteins via DNA instructions to manufacture every living part of every creature on planet earth ... including you! If you would like a glimpse of these incredible molecular machines, Google the TED presentation by David Bolinski an animator from Harvard University entitled; *The Inner Workings of the Cell*. These magnificent tiny machines and the amazingly complex digital information system in DNA are the signature of God on His awesome creative handiwork. Bill Gates has stated that DNA is a highly sophisticated digital information programme that is far more advanced than any software programme ever remotely designed by human beings. The bottom line is that most honest atheistic scientists know that highly advanced digital information programmes cannot make themselves and some are now willing to acknowledge the *Intelligent Design* factor behind life. However, most are not willing to admit that the Intelligent Designer is God. Some teach that life was seeded on earth by alien beings.

## **THE INTELLIGENT DESIGNER ... ALIENS OR GOD?**

They prefer to attribute such unlimited intellectual agency to alien beings in a theory known as Directed Pan-spermia. If you believe aliens are real, we don't necessarily disagree, but we don't believe they're extra-terrestrials from other planets. Alien encounters and manifestations are merely demonic beings masquerading as *aliens* to deceive humans and to distract and divert them from believing in and trusting in their Creator God. The fact is that many alien abductions have been stopped by people using the power of Jesus' name because they're not extraterrestrials ... they're inter-dimensional fallen angelic beings who must submit to the mighty name of Jesus (see creation.com: movie: *Alien Intrusion*). In the movie *Alien Intrusion*, you will hear expert testimony of secular atheistic researchers who through their investigations have determined that these entities are inter-dimensional spiritual entities not extra-terrestrial visitors, demonstrating that they are fallen angels masquerading as alien beings. Unfortunately, *aliens* are just another deception to go

along with macro evolutionary theory. Thankfully, there is a growing movement of scientists and scholars in the Intelligent Design movement (see [discovery.org](http://discovery.org)) who are willing to acknowledge the God factor in the equation of life. Unfortunately, they're facing tremendous opposition from the diehard atheists in academia who are

suppressing or expelling any in their ranks who dare to promote evidence for *Intelligent Design* (see documentary - *Expelled, No Intelligence Allowed*). Despite this resistance the collapse of macro evolutionary theory is inevitable, because it is not true. Let us give you a quote from one of a growing number of atheistic scientists who are questioning the scientific validity of Darwinian Theory. It is from *the late* Dr. Soren Lovtrup a Danish Embryologist and Historian of Science at the University of Sweden. This is what he

had to say; *"I believe that one day the Darwinian myth will be ranked the greatest deceit in the history of science, when this happens many people will pose the question: "How did this ever happen?" (Quote from Dr. Soren's book: Darwinism; The Refutation of a Myth. [No, he was not assassinated by the diehard evolutionists ... I hope?].* ☺ The fact that DNA and molecular machines in cells cannot be explained by any Darwinian process is only the tip of the iceberg. Molecular biologist Dr. Michael Behe of the *Discovery Institute* wrote a book called *Darwin's Black Box*. In it he explains irreducibly complex biological machines and systems that have multiple parts or processes that all need to exist at the same time in order to function and be biologically viable (E.g., the flagellar motor that drives the bacterial flagellum has 40 interdependent parts). Darwinian evolution contends that all biological systems were built in a simple step by step process one part at a time over millions of years. Irreducibly complex biological systems such as the flagellar motor in bacteria or our blood clotting system require multiple parts or factors working together all at one time. Most of these parts have no useful function unless they're all combined together at the same time. Consequently, they could not have evolved part by part because most of these parts had no purpose to be naturally selected over time. The truth is that the detailed digital instructions or blueprint for each of these irreducibly complex biological systems is contained in the DNA. These digital instructions are taken by these molecular machines to build the needed proteins and then other molecular machines with digital instructions from the DNA take these proteins and systematically build each complex biological system or organ in each and every living creature including humans. Every living creature and its biological systems are manufactured by digitally instructed molecular machines designed and programmed by an exponentially brilliant Being ... God. Charles Darwin himself

declared; *“If it could be demonstrated that any complex organ existed which could not have been formed by numerous successive, slight modifications, my theory would absolutely break down.”* (Charles Darwin quote in Dr. Michael Behe’s book, *Darwin’s Black Box*). Some examples of this very thing are the irreducibly complex biological systems and organs like DNA, molecular machines, the flagellar motor in bacteria, the human eye, and our blood clotting mechanism, etc.; revealing that Darwin’s theory has absolutely broken down. Please see [thetruthproject.org](http://thetruthproject.org) by Dr. Del Tackett session #5 *Science: What is true?*

## TRUE SCIENCE ALWAYS CONFIRMS THE BIBLE

The following list of factors also exposes macro evolutionary theory as false:

1) *There is no proven biological mechanism which can create new genetic information to be added to an organism’s genetic code. Without such a mechanism evolution cannot happen. Note: Scientific fact: mutations have never been observed in the history of science to create new beneficial genetic information and Natural Selection always leads to a net loss of genetic information. No new genetic info = no evolution (see Dr. Michael Behe’s latest book Darwin Devolves). Some may object to this using the example of virus or bacterial mutations that lead to resistance to certain antibiotics or vaccines. If you thoroughly investigate these types of mutations you will find something contrary to what you’ve been led to believe. The mutation which caused the organism to become resistant to the antibiotic or vaccine was not due to new genetic information being produced, but it was due to a loss of genetic information. Again, we repeat, every point mutation ever observed and examined in the history of science has never created new beneficial genetic information.*

A Bible truth now being verified by cutting edge science is that man and animals were created originally near genetic perfection and have been genetically deteriorating ever since. This is one of the main reasons that man lived to be an average of nearly 1,000 years of age in the first generation. After the fall of humans in the Garden of Eden mutations, disease and death infected man and the animal kingdom as part of the resulting curse for Adam and Eve’s rebellion. This resulted in man and animal’s progressive genetic deterioration over time through mutations and natural selection as Dr. Behe scientifically confirms in his book, *Darwin*

*Devolves.* This initial near genetic *perfection* also explains how brothers and sisters and close relatives were able to intermarry without concern for birth defects in the early generations. Thus, answering the age-old question of “Where did Cain get his wife?” (Please don’t freak out ... Incest!!) Let us explain. After a few thousand years the genetic breakdown via mutations required God to step in and forbid marriage of close relatives in order to prevent birth defects. *We need to realize that genetically it has been proven that we all come from the same original parents (Adam and Eve were real people). Consequently, we’re all marrying a relative, just not a close one.*

## **ONE RACE REALITY & THE DARWINIAN LIE OF LOWER & HIGHER RACES**

Darwin is also guilty of propagating the demonically driven lie of higher and lower races which has inspired some of the most horrific genocidal slaughters in history. Including the extermination of over six million Jews under Hitler and the Nazi regime during WW II (See movie: *Expelled: No Intelligence Allowed*). The lie of different races has fostered much of the hatred, violence and murderous atrocities of the past and even to this day. (Google the atrocities of mass murdering atheists Joseph Stalin *20 million plus slaughtered* and Mao Zedong *40 million plus slaughtered*). It is a lie spawned from hell that should be aggressively refuted by the scientific community, but is not. Why? Primarily because it will expose Darwinian evolution for what it is, a huge and destructive lie. As noted above science has now proven genetically, we are all one race, the human race as the Bible revealed thousands of years ago. The Bible also explains how the human race was divided into different languages and cultures, with minor external genetic differences caused by genetic pooling. This historical event is recorded in Genesis chapter 11 verses 1 to 9. At that time humans were all one language and were pooling their intellectual resources towards evil as before the flood. Therefore, God decided to stop their progress toward idolatry and evil by confusing their languages and dispersing them over the face of the earth as He had originally commanded. Consequently, each group had not only a very different language, but also a distinct genetic pool of features that became evident over time along with their unique culture. The Bible is an amazing book that helps us understand not only Who God is, but also the history of the human race. One thing you will discover as you study the Bible is that true science always confirms the Bible as does true history and archaeology.

**2) Total lack of transitional fossils in the fossil record equals millions of missing links not just one.** Dr. David Berlinsky shared in the documentary *Expelled: No Intelligence Allowed* that it would take at least 50,000 major morphological changes for a land-dwelling creature to evolve into a sea dwelling creature (or vice versa). If you cannot find even one airtight example of a transitional fossil to

illustrate this; what about the other 49,999? When you multiply these missing transitional forms up and down the evolutionary tree you end up with millions of missing links because it never happened. The worldwide flood of Noah's day produced the fossil record, not millions of years as you're about to discover.

**3) The fossil record is a giant sedimentary graveyard of the animals killed and buried under the sediment of the worldwide flood of Noah's day approximately 4,400 years ago.** Empirical evidence clearly reveals that these

sedimentary layers were laid down by the massive deluge of water that was released from above and below the earth during the flood (Gen. 7:11-12). This unimaginable volume of water drowned and buried the corpses of all air breathing animals during the almost one year that it covered the earth.

During this time massive amounts of sediment were shifted and redeposited over the earth's land masses forming the petrified geological column containing millions of fossilized animals across the face of the earth including on mountain tops. This also explains why there are mass burial sites of fossils all over the earth including massive burial sites where these bones are all mixed together. After the flood the waters receded as the ocean basins formed and water retreated below the earth's surface as before the flood. Consequently, these fossils are only thousands of years old not millions of years. No millions of years *magic* again equals no evolution (See: *Scientific Creationism* by Dr. Henry M. Morris).

**4) Radiometric dating methods are based on false assumptions that totally distort the estimated age of rock formations.** The Bible reveals that the one major reason for these false estimates of time is that before Noah's flood the earth was surrounded by a water canopy that would have blocked much of the radiation from the sun for over 1,600 years (Genesis 1:7-8). This totally destroys their uniformitarian radiometric assumptions, because things were much different in the past than today. (Note: This water canopy was released upon the earth at the time of the flood). Without taking into consideration these historical environmental realities the current radiometric dates being produced are totally exaggerated and false (see: *Rethinking Radiometric Dating* by Nuclear Physicist Dr. Vernon R. Cupps).

**5) Dinosaurs are in the Bible (E.g., *Behemoth* and *Leviathan* in Job 40 and 41)** they lived with man and did not go extinct 65 to 70 million years ago. Before 1841 they were called *dragons*. (Please see King James Version of the Bible, Isaiah 27:1; Malachi 1:3, etc.). This fact is confirmed by ancient cave and canyon drawings along

with ancient pictures, carvings, engravings on walls, stones and molded figurines of dinosaurs found around the world. There are also many ancient written accounts of men encountering these dragon (dinosaur-like) creatures (E.g., St. George's slaying of a dragon etc., etc.) If ancient man did not see dinosaurs how could he draw, carve or mold their images and write detailed accounts of his encounters with them. Also, soft tissue and blood cells found in fossilized T-Rex bones and in other dinosaur bones along with unfossilised dinosaur bones prove they're not millions of years old. [See *Does the Bible (Job 40) Describe a Sauropod Dinosaur (Behemoth?)* @ [genesisapologetics.com](http://genesisapologetics.com) and *The Truth About Dinosaurs* @ [crosspoweryouth.org](http://crosspoweryouth.org)].

If you want to investigate further details regarding the scientific evidences for God and the collapse of macro evolutionary theory please see our [Scientific Evidence for God](#) article on [crosspoweryouth.org](http://crosspoweryouth.org). If you are confused about how stars can be millions of light years from a *young* earth – see explanation on Page 63 under the title: **“WHO IS THIS GOD WHO SAVES AND CREATED US?”**

### **UNBRAINWASHING A WHOLE GENERATION IN LOVE**

Clearly, we can see that the “*father of lies*” (Satan) is diligently working through academia and the media to undermine our children’s and young people’s ability to believe in the existence of our Creator God using evolutionary lies. Unfortunately, he has been working for years in many of the lives of those reading this book and has trapped many by his deceptive lies. For example, current statistics reveal that 2 out of 3 Christian young adults are walking away from their faith during or after university or college. You may be one of them, but the good news is that God in His love for you is sharing truth through this book to help unbrainwash you (if you’re willing) from the misinformation and lies you may have ingested along the way. However, in order to be liberated we must humbly embrace truth even when we don’t like it and it’s contrary to what most everyone else around us believes. Unfortunately, most people today have been brainwashed via the overabundance of media influences surrounding us, saturating our minds with the god of this world’s lies daily. As revealed earlier from 2 Corinthians 4:3-4; Satan is the *god* who controls the current system we live in, including the media and academia. Again, we reiterate the vast majority of media and academics available today except for those that are overseen by strong “*born again*” Believers are riddled with lies and misinformation. If you truly want to get free you must unplug from secular media to a large degree and plug into sources that are under God’s influence rather than Satan’s.
